Decision and reasons on interim order

The panel decided to confirm the current interim suspension order.

Unless Mrs Obeten case has already been concluded or there has been a material change of circumstances, the panel will review the interim suspension order at a review meeting within the next six months and every six months thereafter. The panel will be invited by the Nursing and Midwifery Council (NMC) to confirm the interim order at this meeting and Mrs Obeten will be notified of the panel's decision in writing following that meeting.

Where there has been a material change of circumstances that might mean that the order should be revoked or replaced, or there has been a request for an early review, a panel will review the interim order at a hearing which Mrs Obeten will be invited to attend in person, send a representative on her behalf or submit written representations for the panel to consider.

The NMC Case Examiners are yet to decide whether there is a case to answer in relation to the allegations made against Mrs Obeten. The NMC will write to Mrs Obeten when the case is ready for the next stage of the fitness to practise process.

This will be confirmed to Mrs Obeten in writing.

That concludes this determination.
