## **Decision and reasons on interim order**

The panel decided to make an interim suspension order for a period of 18 months.

Unless your case has already been concluded, this interim order must be reviewed before the end of the next six months and every six months thereafter. Additionally, you or the Nursing and Midwifery Council (NMC) may ask for the interim order to be reviewed if any new evidence becomes available that may be relevant to the interim order.

At any review a panel may revoke the interim order or any condition of it, it may confirm the interim order, or vary any condition of it, or it may replace the interim conditions of practice order with an interim suspension order.

The NMC Case Examiners are yet to decide whether there is a case to answer in relation to the allegations made against you. The NMC will write to you when the case is ready for the next stage of the fitness to practise process.

This decision will be confirmed to you in writing.

That concludes this determination.
