Agreed Removal Decision

Registrant: Musa Gainamungu

PIN: 06I0792E

Part(s) of the register: Registered Nurse - Adult Nursing

Relevant Location: Hertfordshire

On 4 January 2022 we received a referral raising a concern about Musa Gainamungu's fitness to practise. Between August 2018 and October 2021, the following concerns were raised about Musa Gainamungu:

- poor medication practice and administration
- failure to escalate a wound deterioration
- failure to keep clear and accurate records
- unprofessional/rude behaviour towards patients and colleagues.

Musa Gainamungu admits one instance of poor medication practice, however denies the other allegations. He has said that his tone and accent could be misconstrued as abrupt and he feels he has been discriminated against.

We investigated the issue and the matter was referred to the Fitness to Practise Committee. No allegation against Musa Gainamungu has yet been found substantively proved by one of our statutory committees.

On 10 December 2024 we received an application from Musa Gainamungu for agreed removal from the NMC register.

ASSISTANT REGISTRAR'S DECISION

As an Assistant Registrar, I have delegated authority to make decisions about agreed removal and have agreed to removal from the NMC register in this case.

In accordance with Rule 14 of the Nursing and Midwifery Council (Education, Registration and Registration Appeals) Rules 2004, in considering Musa Gainamungu's application for agreed removal, I've taken into account:

- comments received from the person that made the allegation against Musa Gainamungu
- Musa Gainamungu's application for agreed removal and supporting documents
- the case examiners' decision referring the case to the Fitness to Practise Committee
- the interests of Musa Gainamungu
- the public interest.

I'm satisfied that:

- Musa Gainamungu no longer intends to work as a registered nurse
- the allegations against Musa Gainamungu aren't likely to result in a striking-off order
- there are no other good reasons requiring us to consider the allegations further at this time
- the public interest is best served by agreeing the application for removal and enabling Musa Gainamungu to leave the NMC register.

We'll publish a record of this decision for twelve months from the date of the decision, 13 December 2024. In the event that Musa Gainamungu seeks readmission to the register, we may consider the matters that led to this agreed removal further.
