Decision and reasons on interim order

The panel decided to vary the current interim conditions of practice order.

The panel has determined that the following conditions are proportionate and appropriate:

For the purposes of these conditions, 'employment' and 'work' mean any paid or unpaid post in a nursing, midwifery or nursing associate role. Also, 'course of study' and 'course' mean any course of educational study connected to nursing, midwifery or nursing associates.

1. [PRIVATE].
2. You must immediately give a copy of these conditions to:
 - a) Any employers you apply to for work (at the time of application).
 - b) Any establishment you apply to (at the time of application), or with which you are already enrolled, for a course of study.
3. You must limit your practice to one substantive employer. This must not be an agency.
4. You must not be the nurse in charge on any shift, or the sole registered nurse on duty.
5. You must ensure that you are indirectly supervised, by working at all times with, but not always directly observed by, another registered nurse.

Unless Miss Stunell's case has already been concluded, this interim order must be reviewed before the end of the next six months and every six months thereafter. Additionally, Miss Stunell or the Nursing and Midwifery Council (NMC) may ask for

the interim order to be reviewed if any new evidence becomes available that may be relevant to the interim order.

At any review a panel may revoke the interim order or any condition of it, it may confirm the interim order, or vary any condition of it, or it may replace the interim conditions of practice order with an interim suspension order.

The NMC Case Examiners are yet to decide whether there is a case to answer in relation to the allegations made against Miss Stunell. The NMC will write to Miss Stunell when the case is ready for the next stage of the fitness to practise process.

This will be confirmed to Miss Stunell in writing.

That concludes this determination.
