

Nursing and Midwifery Council

Agreed Removal Decision

Registrant: Naeema Nasir

PIN: 05A0434O

Part(s) of the register: Registered Nurse – Adult Nursing

Relevant Location: Gwent

On 21 April 2022, we received a referral raising a concern about Naeema Nasir's fitness to practise. It's alleged that Naeema Nasir administered liquid medication to a resident while they were lying flat which caused them a respiratory decline. It's also alleged that she failed to identify that the resident was experiencing respiratory distress and therefore did not escalate the resident's deterioration.

We investigated the issue and the matter was referred to the Fitness to Practise Committee. No allegation against Naeema Nasir has yet been found substantively proved by one of our statutory committees.

Naeema Nasir hasn't responded to the allegations.

On 22 April 2024, we received an application from Naeema Nasir for agreed removal from the NMC Register.

ASSISTANT REGISTRAR'S DECISION

As an Assistant Registrar, I have delegated authority to make decisions about agreed removal and have agreed to removal from the NMC Register.

In accordance with Rule 14 of the Nursing and Midwifery Council (Education, Registration and Registration Appeals) Rules 2004, in considering Naeema Nasir's application for agreed removal, I've taken into account:

- the agreed removal application form dated 18 April 2024,
- the case examiner decision letter dated 13 March 2024,
- the case examiner decision letter dated 8 April 2024,
- the correspondence with her employer between 23 May 2022 and 9 January 2024,
- investigation report to the case examiners and accompanying documentation,
- the interests of Naeema Nasir,
- the public interest.

We sought to contact the person that made the allegation against Naeema Nasir for their comments on the application for agreed removal. No comments were received within a reasonable period.

I'm satisfied that:

- Naeema Nasir no longer intends to work as a registered nurse
- the allegations against Naeema Nasir are not so serious as to be fundamentally incompatible with continued registration,
- there are no other good reasons requiring us to consider the allegations further at this time,
- the public interest is best served by the immediate removal of Naeema Nasir's name from the NMC Register.

This record of decision will be published for twelve months from the date of the decision, 18 June 2024. In the event that Naeema Nasir seeks readmission to the Register, we may consider the matters that led to this agreed removal further.
