### **ASSISTANT REGISTRAR'S DECISION**

As an Assistant Registrar, I have delegated authority to make decisions about agreed removal and have agreed to removal from the NMC register in this case.

In accordance with Rule 14 of the Nursing and Midwifery Council (Education, Registration and Registration Appeals) Rules 2004, in considering Nik Anderson Turner's application for agreed removal, I've taken into account:

- the agreed removal application form and supporting documents
- the reasons for the decision to offer undertakings
- the evidence obtained during the NMC investigation
- the interests of Nik Anderson Turner
- the public interest.

We sought to contact the person who made the allegation against Nik Anderson Turner for their comments on the application for agreed removal. No comments were received within a reasonable period.

I'm satisfied that:

- Nik Anderson Turner no longer intends to work as a registered nurse
- the allegations against Nik Anderson Turner are not so serious as to be fundamentally incompatible with continued registration
- there are no other good reasons requiring us to consider the allegations further at this time
- the public interest is best served by approving the application and enabling Nik Anderson Turner to leave the NMC register.

This record of decision will be published for twelve months from the date of the decision, **19 June 2024**. In the event that Nik Anderson Turner seeks readmission to the register, we may consider the matters that led to this agreed removal further.
