## **Decision and reasons on interim order**

The panel decided to confirm the current interim conditions of practice order.

The panel was of the view that the public would remain suitably protected by the continuation of the following conditions:

‘For the purposes of these conditions, ‘employment’ and ‘work’ mean any paid or unpaid post in a nursing, midwifery or nursing associate role. Also, ‘course of study’ and ‘course’ mean any course of educational study connected to nursing, midwifery or nursing associates.

1. You will confine your nursing practice to the Care Home that currently employs you and to working day shifts only.
2. You must ensure that you are supervised by another registered nurse any time you are working. Your supervision must consist of working at all times on the same shift as, but not always directly observed by another registered nurse.
3. You must be directly supervised by another registered nurse when administering medication.
4. You must send a report from your supervisor or line manager before any NMC Review Hearing commenting on your conduct and performance.

13. You must keep the NMC informed about anywhere you are studying by:

- a) Any current or future employer.
  - b) Any educational establishment.
  - c) Any other person(s) involved in your retraining and/or supervision required by these conditions'.

The panel decided to confirm this interim conditions of practice order and it will run for the remainder of the current interim order.

Unless Mrs Howell's case has already been concluded, this interim order must be reviewed before the end of the next six months and every six months thereafter. Additionally, Mrs Howell or the NMC may ask for the interim order to be reviewed if any new evidence becomes available that may be relevant to the interim order.

At any review, the reviewing panel may revoke the interim order or any condition of it, it may confirm the interim conditions of practice order, or vary any condition of it, or it may replace the interim conditions of practice order with an interim suspension order.

In certain circumstances, it may be possible for the interim conditions of practice order to be reviewed by a reviewing panel at an administrative meeting. Mrs Howell's case officer will write to her about this in due course.

A panel of the Fitness to Practise Committee has still to deal with the allegations made against Mrs Howell. The NMC will keep Mrs Howell informed of developments in relation to that issue.

This will be confirmed to Mrs Howell in writing.

That concludes this determination.
