Decision and reasons on interim order

The panel decided to vary the current interim conditions of practice order.

The panel has determined that the following conditions are proportionate and appropriate:

1. You must limit your midwifery practice to Fife Acute Hospitals.
2. You must be supervised by a Registered Midwife any time you are working. Such supervision must consist of working at all times on the same shift as, but not always directly observed by, a Registered Midwife of Band 6 or above.
3. You must not administer medication without direct supervision by a Registered Midwife until you are assessed as competent to do so by a Band 7 Midwife or above.
4. You must have fortnightly meetings with your workplace line manager or supervisor to discuss:
 - a) your clinical case load
 - b) patient assessment
 - c) identifying and escalating deteriorating patients

 - a) your clinical case load

- b) patient assessment
 - c) identifying and escalating deteriorating patients

6. You must provide the NMC with a report from your workplace line manager or supervisor 7 days before any review. This report must comment upon:
- a) your clinical case load

 - d) care planning and anticipation of patient care needs
7. You must keep the NMC informed about anywhere you are working by:
- a) Telling your case officer within seven days of accepting or leaving any employment.

11. You must allow your case officer to share, as necessary, details about your performance, your compliance with and / or progress under these conditions with:
 - a) Any current or future employer.
 - b) Any educational establishment.
 - c) Any other person(s) involved in your retraining and/or supervision required by these conditions

Unless your case has already been concluded, this interim order must be reviewed before the end of the next six months and every six months thereafter. Additionally, you or the Nursing and Midwifery Council (NMC) may ask for the interim order to be reviewed if any new evidence becomes available that may be relevant to the interim order.

At any review a panel may revoke the interim order or any condition of it, it may confirm the interim order, or vary any condition of it, or it may replace the interim conditions of practice order with an interim suspension order.

The NMC Case Examiners are yet to decide whether there is a case to answer in relation to the allegations made against you. The NMC will write to you when the case is ready for the next stage of the fitness to practise process.

This will be confirmed to you in writing.

That concludes this determination.
