Decision and reasons on interim order

The panel decided to replace the current interim suspension order with an interim conditions of practice order.

As such it determined that the following conditions are necessary, proportionate and appropriate:

'For the purposes of these conditions, 'employment' and 'work' mean any paid or unpaid post in a nursing, midwifery or nursing associate role. Also, 'course of study' and 'course' mean any course of educational study connected to nursing, midwifery or nursing associates.

1. You must limit your employment to one substantive employer. This must not be bank or agency work.
2. You must not work in an Emergency Department.
3. When administering medication, you must be directly supervised by another registered nurse at all times until assessed and signed off as competent to do so independently. Proof of successful assessment must be sent to the NMC within seven days of completion.
4. When practising as a registered nurse, you must be indirectly supervised at all times, working on the same shift as, but not always observed by, another registered nurse.
5. You must meet with your line manager, mentor or supervisor, every two weeks to discuss your professional practice with particular regard to:
 - a) Professional conduct and communication with colleagues;
 - b) Management of deteriorating patients; and

- c) Record keeping.
6. You must send a report from your line manager, mentor or supervisor, to the NMC prior to any hearing, commenting on your professional practice with particular regard to:
- a) Professional conduct and communication with colleagues;
 - b) Management of deteriorating patients; and
 - c) Record keeping.
7. You must keep the NMC informed about anywhere you are working by:
- a) Telling your case officer within seven days of accepting or leaving any employment.

8. You must keep the NMC informed about anywhere you are studying by:
- a) Telling your case officer within seven days of accepting any course of study.

9. You must immediately give a copy of these conditions to:
- a) Any organisation or person you work for.
 - b) Any employers you apply to for work (at the time of application).

- c) Any establishment you apply to (at the time of application), or with which you are already enrolled, for a course of study.
10. You must tell your case officer, within seven days of your becoming aware of:
- a) Any clinical incident you are involved in.
 - b) Any investigation started against you.
 - c) Any disciplinary proceedings taken against you.
11. You must allow your case officer to share, as necessary, details about your performance, your compliance with and / or progress under these conditions with:
- a) Any current or future employer.
 - b) Any educational establishment.
 - c) Any other person(s) involved in your retraining and/or supervision required by these conditions

Unless your case has already been concluded, this interim order must be reviewed before the end of the next six months and every six months thereafter. Additionally, you or the NMC may ask for the interim order to be reviewed if any new evidence becomes available that may be relevant to the interim order.

At any review, a reviewing panel may revoke the interim order or any condition of it, it may confirm the interim conditions of practice order, or vary any condition of it, or it may replace the interim conditions of practice order with an interim suspension order.

In certain circumstances, it may be possible for the interim conditions of practice order to be reviewed by a panel at an administrative meeting. Your case officer will write to you about this in due course.

The NMC Case Examiners are yet to decide whether there is a case to answer in relation to the allegations made against you. The NMC will write to you when the case is ready for the next stage of the fitness to practise process.

This will be confirmed to you in writing.

That concludes this determination.
