Decision and reasons on interim order

The panel decided to confirm the current interim conditions of practice order.

The panel has determined that the following conditions are proportionate and appropriate:

2. You must not work in a Psychiatric Intensive Care Unit for any healthcare provider.

Evidence of completion of training must be sent to your NMC case officer within seven days of completion.

6. You must send a report from your workplace line manager, mentor or

supervisor to your NMC case officer prior to any review hearing or meeting commenting on your practice in relation to:

- b. Giving your case officer the name and contact details of the organisation offering that course of study.

9. You must immediately give a copy of these conditions to:

- a. Any organisation or person you work for.
- b. Any employers you apply to for work (at the time of application).
- c. Any establishment you apply to (at the time of application), or with which you are already enrolled, for a course of study.
- d. Any establishment you apply to (at the time of application), or with which you are already enrolled, for a course of study.

10. You must tell your case officer, within seven days of your becoming aware of:

11. You must allow your case officer to share, as necessary, details about your performance, your compliance with and / or progress under these

conditions with:

- a. Any current or future employer.
- b. Any educational establishment.
- c. Any other person(s) involved in your retraining and/or supervision required by these conditions

Unless your case has already been concluded, this interim order must be reviewed before the end of the next six months and every six months thereafter. Additionally, you or the Nursing and Midwifery Council (NMC) may ask for the interim order to be reviewed if any new evidence becomes available that may be relevant to the interim order.

At any review a panel may revoke the interim order or any condition of it, it may confirm the interim order, or vary any condition of it, or it may replace the interim conditions of practice order with an interim suspension order.

The NMC Case Examiners are yet to decide whether there is a case to answer in relation to the allegations made against you. The NMC will write to you when the case is ready for the next stage of the fitness to practise process.

This will be confirmed to you in writing.

That concludes this determination.
