ASSISTANT REGISTRAR'S DECISION

As an Assistant Registrar, I have delegated authority to make decisions about agreed removal and have agreed to removal from the NMC register in this case.

In accordance with Rule 14 of the Nursing and Midwifery Council (Education, Registration and Registration Appeals) Rules 2004, in considering Angela Marie Stanford's application for agreed removal, I've taken into account:

- the reasons for the decision to refer the case to the Fitness to Practise Committee
- the information obtained during the NMC investigation
- the interests of Angela Marie Stanford
- the public interest.

We sought to contact the people who made the allegation against Angela Marie Stanford for their comments on the application for agreed removal. They told us that they don't have any comments to make.

I'm satisfied that:

- Angela Marie Stanford no longer intends to work as a registered nurse or midwife
- the allegations against Angela Marie Stanford are not so serious as to be fundamentally incompatible with continued registration
- there are no other good reasons requiring us to consider the allegations further at this time
- the public interest is best served by agreeing the application for removal and enabling Angela Marie Stanford to leave the NMC register.

We'll publish a record of this decision for twelve months from the date of the decision, **26 September 2024**. In the event that Angela Marie Stanford seeks readmission to the register, we may consider the matters that led to this agreed removal further.
