ASSISTANT REGISTRAR'S DECISION

As an Assistant Registrar, I have delegated authority to make decisions about agreed removal and have agreed to removal from the NMC register in this case.

In accordance with Rule 14 of the Nursing and Midwifery Council (Education, Registration and Registration Appeals) Rules 2004, in considering Natalie Claire Carrett's application for agreed removal, I've taken into account:

- comments received from a person that made the allegation against Natalie Claire Carrett
- the information obtained during the NMC investigation
- the reasons for the decision to refer the case to the Fitness to Practise Committee
- the interests of Natalie Claire Carrett
- the public interest.

We sought to contact the other person who made the allegation against Natalie Claire Carrett for their comments on the application for agreed removal. No comments were received within a reasonable period.

I'm satisfied that:

- Natalie Claire Carrett no longer intends to work as a registered nurse
- the allegations against Natalie Claire Carrett aren't likely to result in a striking-off order
- there are no other good reasons requiring us to consider the allegations further at this time
- the public interest is best served by agreeing the application for removal and enabling Natalie Claire Carrett to leave the NMC register.

We'll publish a record of this decision for twelve months from the date of the decision, **3 January 2025**. In the event that Natalie Claire Carrett seeks readmission to the register, we may consider the matters that led to this agreed removal further.
