

Equality and diversity considerations

Reference: LE3-C Last Updated: 01/03/2019

The AEI, with its practice learning partners, is responsible for ensuring that the equality and diversity needs of all those who are part of an educational experience are taken into account. If needed, they should make adjustments, for example by removing barriers to learning for those that are disabled or to enable religious needs to be met within the requirements of the standards.

The AEI and its practice learning partners should have policies and procedures in place for this to happen.
